Freedom of Information Act 2000 - Request Reference FoI/21/382
Claiming for Unforeseeable Extra Work Time

1) **What is the policy of UHW for junior doctors to claim the unforeseeable extra time spent doing clinical activities which is beyond their contracted time?**
   (Note: this request does not relate to previously agreed locum with doctors but rather the extra time doctors spend which hasn't been previously agreed e.g. overrunning clinic beyond scheduled end time of 5pm)

Cardiff and Vale University Health Board does not hold this information. Under our Section 16 obligation to provide advice and assistance, the UHB can confirm such decisions are not governed via a central policy but are made at Directorate level on a case-by-case basis.

2) **Has UHW received any requests claiming for such overtime (overrunning clinics or ward work) between 1st Jan 2020 and 31st June 2021?**

The UHB does not hold this information. Under our Section 16 obligation to provide advice and assistance, the UHB can confirm it does not record overtime under this definition.

3) **How often does UHW carry out rota monitoring for junior doctors of different specialties and when is the next rota monitoring due?**

Non-Covid time rotas are monitored twice each year. There is currently no monitoring taking place (this situation is the same across Wales).
