

Freedom of Information Act 2000 - Request Reference FoI/20/165
Waste Service Contract

Request details

I am requesting this information under the Freedom of Information Act 2000

Cardiff City Council (waste service) contract expired in March 2020. Please provide the current status

Response details

The contract went out on a Voluntary Ex-Ante Transparency notice (VEAT) basis in March 2020 for one year.

At this time, Procurement saw unprecedented amounts of work coming through the department for Covid19 and members of the procurement team were all redirected in their work roles to support with the sourcing of PPE and equipment for urgent patient care.

During this time, contracts/renewals have been put on hold unless extremely urgent.
