Response details

Cardiff and Vale University Health Board (the UHB) does not hold this information. To comply with our Section 16 obligation, the duty to provide advice and assistance, the UHB would like to advise you that it does not record the name of a patient's discharge destination. However, it does capture data based on the below coding system. If it would be useful for you to receive information based on this data, the UHB will be able to perform a search should you request this. Please note, however, that the UHB will not be able to determine whether the discharge destination was located inside or outside of Wales.
