

Freedom of Information Act 2000 - Request Reference FoI/20/295

DVT Anticoagulation Pathway

Request details

I'm looking into whether Cardiff and Vale produces a guideline document detailing the DVT anticoagulation pathway, other than what is on the formulary itself.

I currently have the (attached) document. Could you please confirm if this is still the correct pathway, or would you be able to provide me with a copy of an updated document?

Response details

Please find attached the updated DVT SOP.
