

Freedom of Information Act 2000 - Request Reference Fol/20/315

Holter Monitoring Test

Request details

I would like to kindly request information regarding 18 hours 24 hours and 48 hours Holter monitoring test (ECG).

All answers for the questions below, please provide in the 2019-2021 years timeframe. Whilst I have requested information from the years 2019 to 2021 if the information is only available for some years, please specify and provide it.

- 1. What are the reimbursement procedures for 18 hours, 24 hours and 48 hour Holter Monitoring activities for primary care and secondary care? (if it is not possible to answer the following question, please provide a direct link to the particular website where the information might be found)**

There is no reimbursement procedure in place for Ambulatory Monitoring. In C&VUHB we do not accept Direct Access Primary Care referrals for Ambulatory monitoring. We do not specifically perform 18hr ambulatory monitoring.

- 2. What are the average reimbursement prices for 18h, 24h and 48h Holter Monitoring in primary care and secondary care? (if it is not possible to provide requested information, please provide a place where the information might be obtained)**

Not applicable, no prices as per above.
