

Freedom of Information Act 2000 - Request Reference FoI/20/052
Radiology Service Provision

Request details

I am interested in learning about the provision of radiology services at your organisation.

Please could you kindly complete the attached spreadsheet with the necessary information.

Response details

Please see the table below..

In relation to question 11 of the attached spreadsheet, when completing a search for the information requested, Cardiff and Vale University Health Board (the UHB) has confirmed that this information is not centrally recorded or collated. To retrieve the information requested would require a manual search through individual records and the UHB considers that this would exceed the limit set within regulations for responding to a request. The UHB has therefore relied upon the Section 12 exemption ('Exemption where cost of compliance exceeds appropriate limit') of the Freedom of Information Act 2000 and is refusing your request.

The UHB has estimated that to complete the work needed to respond to this request would exceed the time limit as set within regulations to respond to a Freedom of Information Act request. Under the Act there is an allowance of two and a half days, or 18 hours, to comply with a request and the cost limit set within the fees regulations for this amount of work (18 hours) is £450 for the UHB. The fees regulations specify that the cost of complying with a request must be calculated at the rate of £25 per hour.

Please complete for all contracts in place with Teleradiology provider(s) for radiology reporting	
(duplicate this section if you have more than 4 contracts in place)	
	RADIOLOGY REPORTING ONLINE LLP TA EVERLIGHT RADIOLOGY
Do you have more than one contract in place with this Teleradiology provider (e.g. separate agreements for elective and emergency (1 hour) reporting)? If yes, please duplicate this section with separate	NO

details
