Junior Doctors

Request details

I would appreciate if you could answer the following questions for me:

1. **What was the proportion of junior doctor roles (all roles below consultant level) in your health board filled by locum doctors in each of 2017, 2018 and 2019?**
2. **How much money was the total spent by your health board on paying junior doctors (all roles below consultant level) in each of 2017, 2018 and 2019?**
3. **How much of this money was spent by your health board in each of 2017, 2018 and 2019 on paying locum doctors (in roles below consultant level)?**

Response details

1. Cardiff and Vale University Health Board (the UHB) does not hold this information. As the UHB do not utilise a rostering system to manage the use of locum medical staff, it is not possible centrally to provide the proportion of shifts covered by locum doctors.
