

Freedom of Information Act 2000 - Request Reference FoI/20/223
Haemonetics Devices

Request details

- 1. Have there been any additional malfunction incidents with Haemonetics devices in use in your Trust where particles have been found in plasma? If so, please would you provide details of the incident, the date it occurred and if the patient who was connected to the machine was affected in any way as a result of the malfunction**

Cardiff and Vale University Health Board (the UHB) have not identified any further incidents that can be identified now.

- 2. Have there been any additional malfunction incidents with the Haemonetics devices in use in your Trust where a loud noise came from the machine whilst it was in use? If so, please would you provide details of the incident, the date it occurred and if the patient who was connected to the machine was affected in any way as a result of the malfunction**

The UHB can advise that no further incidents can be identified now.

- 3. Has there been any other type of malfunction with the devices? Please provide details of the incident, the date it occurred and if the patient who was connected to the machine was affected in any way as a result of the malfunction**

The UHB can advise that no incident can be identified now.

- 4. How many patients have Haemonetics' machines been used on over the last 10 years?**

The UHB do not hold this information. To comply with our Section 16 obligation, the duty to provide advice and assistance, this is estimated as 0 as the devices are no longer used.

- 5. How many Haemonetics' machines have been in use over the last 10 years?**

The UHB do not hold this information. To comply with our Section 16 obligation, the duty to provide advice and assistance, this is estimated as 0 as the devices are no longer used.

- 6. How many of them are still in use?**

0.

- 7. How does the trust use the machines?**

Not applicable.

8. What are the names of the machines used?

Not applicable.

9. Do you consider patient lives have been put at risk or treatment unduly delayed as a result of problems arising with the machines?

Not applicable.
