

Freedom of Information Act 2000 - Request Reference Fol/20/115
A&E Nurses – Syringe Drivers

Request details

I am requesting this information under the Freedom of Information Act 2000

1. Are the nurses within ED trained to deal with syringe drivers?

No, Emergency Unit (EU) nurses are not trained to use syringe drivers.

The EU does not have a palliative link nurse either. However, access is available to the services at University Hospital of Wales should they be needed.
