Ovarian Cancer Treatment

Request details

Question 1

How many patients have been diagnosed over the last 6 months with epithelial ovarian, fallopian tube or primary peritoneal cancer?

If none, do you refer ovarian cancer patients to another trust, if so which one?

	Total	Had Chemo
Malig neop fallopian tube	4	2
Malig neop ovary	42	24
Malig neop spec part peritoneum	3	
	49	26

**period: 01/10/2019 -
31/03/2020**

Question 2

Of the ovarian patients, how many have been tested for BRCA mutation?

If unknown please state unknown and move to Question 4

Cardiff and Vale University Health Board (the UHB) does not hold this information. Under our Section 16 obligation, the duty to provide advice and assistance I would like to advise that the BRCA is undertaken by Velindre Hospital. Velindre NHS Trust may be able to assist you, for further information please follow the link below;

<http://www.velindre-tr.wales.nhs.uk/freedom-of-information-contacts>

Question 3

Of the ovarian patient BRCA mutation tests how many tested positive?

Not applicable

Question 4

Of the ovarian patients diagnosed over the last 6 months, how many have been treated with the below:

Paclitaxel in combination with a platinum-based compound

Platinum-based therapy alone (cisplatin or carboplatin)

Bevacizumab in combination with paclitaxel and carboplatin

Olaparib

Niraparib

Rucaparib

Pegylated liposomal doxorubicin hydrochloride (PLDH) as monotherapy or in combination with a platinum-based compound

The UHB does not hold this information. Under our Section 16 obligation, the duty to provide advice and assistance I would like to advise that the specific chemo drug used would be in Velindre Hospital where the chemo was prescribed. Velindre NHS Trust may be able to assist you, for further information please follow the link below;

<http://www.velindre-tr.wales.nhs.uk/freedom-of-information-contacts>

Question 5

Of those who were positive for a BRCA mutation, how many received Olaparib for 1st line maintenance?

Please refer to question 2

Question 6

Of those who were positive for a BRCA mutation, how many received Bevacizumab in combination with paclitaxel and carboplatin for 1st line maintenance?

Please refer to question 2
