Nurse Led Clinics within Ophthalmology

Request details

I am looking to obtain details on nurse led clinics delivered within Ophthalmology services in Health Boards in Wales

Specifically, I am interested in the below:

1. Which Health Boards in Wales deliver nurse led clinics in Ophthalmology?

Cardiff & Vale University Health Board (the UHB) does not hold this information.

2. Of those, which deliver nurse led casualty clinics?

The UHB does not deliver nurse-led casualty clinics. Our nurses triage casualty referrals and patients, but appointments are with a Doctor.

3. What other sub specialties within Ophthalmology do they deliver nurse led clinics in? i.e. AMD/ Glaucoma etc.

The UHB delivers nurse-led cataract clinics, nurse-led oculoplastic clinics and nurse-led AMD/DMO injection clinics.
