

Freedom of Information Act 2000 - Request Reference FoI/20/396
Referral to Treatment Time Policy

Request details

Request for a copy of their Referral to Treatment Time Policy to you.

If this document has ever been published before, however, then the Health Board are obligated to simply provide me with a copy, they should not make me wait until the FOIA deadline. I know that at least part of the Referral to Treatment Time Policy has been published on their website. If the policy has been published then hopefully that will be less work for you.

Response details

Cardiff and Vale Health Board (the UHB) does not have a specific waiting times policy for Referral to Treatment Time but uses Welsh Government guidance as the source of waiting time management rules. Attached, therefore, is the latest Welsh Government 'Rules for managing referral to treatment waiting times version 7 October 2017'.
