Freedom of Information Act 2000 - Request Reference FoI/21/500
Safeguarding Children

Information Requested:

I am making a request for data from each Health Board/Trust across the UK and require the numbers of children removed from parental care, after reports filed and initiated by NHS staff.

Under the Freedom of Information Act 2000, I request the following information:

Numbers of children reported by NHS staff and reasons for reports that would see a child and parents investigated by social services and the parental care questioned.

This should be supplied for each year since 2015 and categorised accordingly into relevant terms that triggered concerns. I.e. sexual abuse, physical abuse, risk of future harm etc

Response Details:

Please see attached spreadsheet

- FoI.21.500 Child Protection Cases

Cardiff and Vale University Health Board (the UHB) does not hold data regarding social services and investigations into reported cases should be handled by the Local Authority; under our Section 16 obligation to provide advice and assistance, please see the contact information for Cardiff Council who may be better placed to respond your request.
