Asthma Treatment Data

Information Requested:

1. How many patients have been treated (for any condition) in the last 4 months with:

Benralizumab	51
Omalizumab	82
Reslizumab	0
Mepolizumab	41

2. Of the patients treated in the last 4 months with any of the above products, please provide the number of patients by the following age-groups:

- **Age 6-11**
- **Age 12-17**
- **Age 18 and above**

In completing a search for the information requested, Cardiff and Vale University Health Board (the UHB) has confirmed that this information is not centrally recorded or collated. To retrieve the information requested would require a manual search through individual records and the UHB considers that this would exceed the limit set within regulations for responding to a request. The UHB has therefore relied upon the Section 12 exemption ('Exemption where cost of compliance exceeds appropriate limit') of the Freedom of Information Act 2000 and is refusing your request.

The UHB has estimated that to complete the work needed to respond to this request would exceed the time limit as set within regulations to respond to a Freedom of Information Act request. Under the Act there is an allowance of two and a half days, or 18 hours, to comply with a request and the cost limit set within the fees' regulations for this amount of work (18 hours) is £450 for the UHB. The fees regulations specify that the cost of complying with a request must be calculated at the rate of £25 per hour.

3. How many patients have been treated in the last four months with Dupilumab for Asthma ONLY?

Please see the response to the question above.
