Deaths by Suicide

Information Requested:

I am writing under the Freedom of Information Act.

Can you please provide all information regarding deaths by suicide over the last five years (January 2017 - January 2022) in the Cardiff & Vale University Health Board?

If possible, could you break the numbers down into yearly statistics so that we are able to see how the numbers either rise or fall.

I'd also like to request that these statistics are broken down into areas within Cardiff & Vale, so that we can see what area has a higher or lower rate.

Response

Cardiff and Vale University Health Board (the UHB) do not hold this data. Under our Section 16 obligation the duty to provide advice and assistance we can advise that we hold data for the last 2 years which can be found below.

The information on deaths is from the Digital Health and Care Wales (DHCW) Data Warehouse view on ONS deaths refreshed in the UHB warehouse on 28th March 2022. The UHB do not have access to the ONS data prior to 2020.
