Gender Dysphoria

1. The number of people prescribed oestrogen as part of a gender dysphoria treatment in 2021?

Cardiff and Vale University Health Board (the UHB) does not hold this information. Under Section 16 of the FOIA, which provides us with the duty to advise and assist, the UHB can inform you that the Welsh Gender Service does not administer hormone therapy as a part of the service specification set out by our commissioner, Welsh Health Specialised Services Committee (WHSSC). This data would be held within Local Gender Teams who have a GP prescriber administering a patient's hormone therapy treatment plan as set out by the Welsh Gender Service.

2. The total number of people treated for gender dysphoria treatment between 2016 and 2021 broken down by year?

The Welsh Gender Service was implemented in 2019. Data for people treated for gender dysphoria will therefore commence 2019/20 to present day. **To note, 2022/23 is not a full year set of data as the new financial year commenced in April 2022.*

2019/20 Apr 19- Mar 20	2020/21 Apr 20 – Mar 21	2021/22 Apr 21- Mar 22	*2022/23 Apr 22 – May 22
