

Freedom of Information Act 2000 - Request Reference FoI/22/392
Dialysis Equipment

Information Requested:

1. In the renal units under your trust, do you use any non-metal (plastic) fistula cannulas for dialysis?
2. In the renal units under your trust, do you use any of the below non-metal (plastic) fistula cannulas for dialysis?

	Product Name	Supplier	No. Patients Currently Using
<i>Example:</i>	<i>Plastic Fistula Catheter</i>	<i>Medical Co.</i>	<i>6</i>
	Argyle Fistula Catheter	Medtronic	
	SuperCath Neo Safety Fistula Catheter	Xtra-Med	
	SuperCath CLS Fistula Catheter	Xtra-Med	
	AVF SafeTouch Catheter Needle	Nipro	

Response details:

Cardiff and Vale University Health Board can confirm that we do not currently use any non-metal (plastic) cannulas for dialysis.
