

Freedom of Information Act 2000 - Request Reference FoI/22/586
Vestibular Migraine

As part of this study, it would be extremely useful to know if local CCGs have their own migraine and/or vestibular migraine protocol.

If you could reply stating one of the following, I would really appreciate your participation.

1. Our CCG has a guideline or protocol for management of migraine

- a) Yes *
- b) No
- c) Unsure

No

2. Our CCG has a guideline or protocol for management of Vestibular Migraine

- a) Yes *
- b) No
- c) Unsure

No

***If yes, please may you attach the protocol if possible.**

Cardiff and Vale University Health Board (the UHB) can advise that Neurosciences does not have a protocol but follows NICE/BASH/established pathways for management of both of these conditions.

Please note CCG's were a feature of NHS England.
