Freedom of Information Act 2000 - Request Reference FoI/22/056
Covid 19 Hospital Admissions

Information Requested:

Could you please tell me how many people were admitted in December 2021 at University Hospital of Wales with Covid who have been vaccinated and how many people with Covid and have not been vaccinated.

Response Details:

There were 225 patients admitted in December 2021 that were Covid positive.

Cardiff and Vale University Health Board (the UHB) does not hold the vaccination status of all patients. The UHB are unable to identify the vaccination status of all patients. However, under our Section 16 obligation, the duty to provide advice and assistance, I can inform you that that Digital Health and Care Wales (DHCW) hold the vaccination status of all patients and **may** be able to answer this request from an all-Wales position. Please see the link below for DHCW's contact information:
