Integrated Care Boards

Information Requested:

1. how many of the ICS/ICBs are created already, and operational / is yours
2. How many / has yours created shared care records?
3. Who were the systems that these records sit on created by, as in which third party software provider (for instance, Graphnet)
4. Who creates the Shared Care Records themselves, i.e. GPs, Hospitals, Social Care Providers (if so, please name them for your area).
5. Who, outside of the NHS has access to them? For instance; DWP, Immigration, Local Councils, GPs, the local Police, Social Care, or private health providers (if so, this last question is in two parts - firstly a confirmation or denial that this is or is not the case - then a list of the private providers you work with please).
6. How do people opt out of this if they want to?
7. How have people been told they can opt out, as in, by Email, Phone, leaflet in local GP surgery. and what % of people that your ICB (or relevant body) covered have been informed directly about this restructuring or their records, and to stress, how have they been most importantly - please list any and all initiatives for this.
8. How many opt outs have there been?
9. Is awareness for the ShCRs being done at any point on a national level, or as stated above, purely through brochures inside local clinics - please explain any national drive there is to inform people of this new set of decisions, and what the response has been to it (i.e. both the methods people have responded by, and amount of people who have responded)
