

**Freedom of Information Act 2000 - Request Reference FoI/22/555**

**SA Survivor Maternity Care**

I am undertaking a FOI request across all UK NHS Hospital Trust/ Health Boards, with the aim of creating a picture of the maternity service provision for survivors of sexual violence and/or sexual abuse.

I would be very grateful if you could complete this survey on behalf of your NHS organisation. Please include information about community services, in addition to acute services.

Some of the information may need to be collected from specific midwives or obstetricians within your organisation.

I also include a few questions about staff training and resources in relation to your whole organisation so that a broad comparison between maternity and other departments within your organisation can be made.

I am aware that the topic of sexual violence is a sensitive one, and that some of these questions may be challenging or upsetting for some people. If you would like to speak to someone about any of the issues in this survey, you can call The Survivors Trust in confidence on 08088 010818 or visit their website on [www.thesurvivorstrust.org](http://www.thesurvivorstrust.org)

**Maternity staff training and support**

**1. Please indicate if your Trust /Health Board provides the following training to all midwives**

	Yes / No
