

Freedom of Information Act 2000 - Request Reference FoI/22/579
Coil Wait Times

Information Requested:

Please can you provide coil (both copper & hormonal) waiting times?

Response details:

The current wait for a coil is 6 months. Cardiff and Vale University Health Board have a contact cycle for patients (2 calls, 1 text and 1 letter before removal removal).

This includes both hormonal and non-hormonal coils.

The waiting time for a coil removal is one week.
