Warfarin Care Pathway

Information Requested:

I am trying to find a the Cardiff and Vale Warfarin care pathway but I'm unable to.

Is there anyway you could let me know where to find it?

Response Details:

Please find attached the Warfarin Care Plan used by Cardiff and Vale University Health Board (the UHB).

Please note that it has not been updated recently to reflect changes to local warfarin monitoring, such as changes to the UHB's Acute Response Team. This care plan can be found attached to the physical copies of the All Wales Adult Inpatient Warfarin Charts.
