

Freedom of Information Act 2000 - Request Reference FoI/23/038

Miscarriage Data

Information Requested:

I would like to submit a FOI for miscarriage data, specifically, the Count of Finished Consultant Episodes for patients admitted to hospital in Wales, using Principal ICD-10 codes:

002.1 Missed abortion – silent miscarriage and

003 – Spontaneous abortion.

Would it be possible to provide this data for Cardiff and Vale annually from 2010/11 onwards in excel?

Response details:

Please see the attached spreadsheets.

Please note: we are unable to provide maternity data prior to 2014 because our current data management system had not yet been implemented.
