

Freedom of Information Act 2000 - Request Reference FoI/23/373
Ophthalmology patient record software

Information Requested:

Under the Freedom of Information Act, I would like to request the following information please:

Specific to your Ophthalmology Department, what Electronic Patient Record software do you use in the Retinal Clinic for diabetes?

Response Details:

There is no full electronic patient record currently held for Retinopathy. However, some information is held on Medisoft.
