**ADHD Diagnosis Waiting List**

**Could you tell me how many adults are currently on the waiting list for an ADHD diagnosis in Cardiff?**

There are 509 adults waiting for an ADHD assessment.

There are 1,116 children on the waiting list for ADHD.

**How long is the average wait from addition the waiting list to being seen by the relevant CAHMS team for a diagnosis? Please give this time in weeks.**

The average wait is 56 weeks.

**How long (in weeks please) have the three people who have been on the waiting list for the longest time been waiting?**

For adults, the three longest waits are:

1. 140 weeks.
2. 111 weeks.
3. 100 weeks.

For the Child and Adolescent Mental Health Service (CAMHS), the three longest waits are:

1. 148 weeks.
2. 142 weeks.
3. 142 weeks.
