

Freedom of Information Act 2000 – Request Reference FoI/24/219
End-of-Life Care Guidelines

Information Requested:

I am [...] undertaking a research study into the shape and content of end-of-life care guidance for patients withdrawing from non-invasive ventilation (NIV) or continuous positive airway pressure (CPAP). Many Trusts have created such guidelines to support frontline staff in this tricky area of care.

Please may I request a copy of your guideline under the freedom of information act? Or the contact details of someone who may be situated to send them?

Response Details:

Cardiff and Vale University Health Board (the UHB) does not hold this information. The UHB can, however, advise that that this is covered in consultation with palliative care teams in hospital.
