

**Freedom of Information Act 2000 – Request Reference FoI/24/221**

**Cardiology Waiting Times**

**Information Requested:**

Please can I have the Cardiff and Vale UHB cardiology waiting lists (both total number of people and length of time they were waiting), broken down by routine and urgent cases, as at December 2023, and March 2024.

**Response Details:**

Please see the below table for the number of patients on RTT pathways and average wait times of patients waiting at these census points.

Be aware that these figures include outpatients, inpatients, and diagnostic waiting lists. This is not a clear indicator of specific waiting times for each component or subspecialty.

|                            | December 2023 |         | March 2024 |         |
|----------------------------|---------------|---------|------------|---------|
|                            | Urgent        | Routine | Urgent     | Routine |
| <b>Waiting This Census</b> | 1,535         | 2,945   | 1,913      | 3,500   |
| <b>Average Weeks' Wait</b> | 15.2          | 16.5    | 17.9       | 17.3    |
