

Freedom of Information Act 2000 – Request Reference FoI/24/226
Emergency Department

Information Requested:

I wanted to know what the waiting time is for someone who is on an emergency waiting list in Wales.

Following a request for clarity, the requestor confirmed the following:

Just to clarify I wanted to know if anyone has been put on an emergency waiting list which means people who are on a list for Waiting times at emergency departments in Wales. So, I wanted to know what is the average time for any person to be on it in Wales.

The measure I'm asking for is about patients waiting to be treated on the emergency waiting list, if for instance, they need to be tested for a suspected migraine.

Response Details:

Cardiff and Vale University Health Board (the UHB) does not hold information in respect of waiting lists throughout Wales. However, the UHB can answer this question in the context of activity within the UHB.

The UHB can confirm that there is no recorded or reported waiting list for the Emergency Department.

If you are seeking information on the time patients spend in the Emergency Department, this level of data is publicly available from StatsWales [here](#).
