

Freedom of Information Act 2000 – Request Reference FoI/24/249
Bed Occupancy Data

Information Requested:

Using the Freedom of Information Act 2000, I am writing to request the number of average daily available and occupied general and acute beds by month in Cardiff and Vale health board from January 2023 up to and including December 2023.

Could the data only be for acute hospitals (please remove any other hospitals from the data) and, if possible, could the data be split by hospital?

Response Details:

Please see the attached Excel document. These are the bed occupancy figures as reported to Welsh Government via the QS1 reporting.
