

Freedom of Information Act 2000 – Request Reference FoI/24/275

Maternity Data

Information Requested:

1. What is the annual number of patients you see in your unit with an early pregnancy complication?
2. How many patients were diagnosed as an ectopic pregnancy?
3. How many patients were treated as a pregnancy of unknown location?
4. Of the PUL group, how many patients went on to be confirmed as an ectopic pregnancy?
5. Number of reported patient safety incidents related to ectopic pregnancy?
6. For each incident, please specify degree of harm:
 - No harm
 - Near miss
 - Low
 - Moderate
 - Severe
7. For each moderate/severe incident, please specify details (e.g. late diagnosis, haemorrhage, etc).
8. How many moderate/severe incidents went on to be declared as a serious incident?
9. What was the learning for the serious incidents if any?

Please note that we only require the information for the period 01 January 2023 to 01 January 2024

Response Details:

In completing a search for the information requested, Cardiff and Vale University Health Board (the UHB) has confirmed that this information is not centrally recorded or collated. To retrieve the information requested would require a manual search through individual records and the UHB considers that this would exceed the limit set within the Appropriate Limit and Fees Regulations 2004. The UHB has therefore relied upon the section 12 exemption of the Freedom of Information Act 2000 (FOIA 2000) ('Exemption where cost of compliance exceeds appropriate limit') and is refusing your request for the following reasons.

It should first be noted that multiple requests within a single item of correspondence are considered separate requests for the purposes of section 12(4) of the FOIA 2000, as confirmed in *Fitzsimmons v Information Commissioner* [2008] UKIT EA/2007/0124.

When a public authority is estimating whether the appropriate limit is likely to be exceeded for the purposes of regulation 5 of the Fees Regulations as prescribed by section 12(4) of the FOIA 2000, it can include the costs of complying with two or more requests if these are:

- made by one person, or by different persons who appear to the public authority to be acting in concert or in pursuance of a campaign; and
- received by the public authority within any period of 60 working days.

Since all of these requests were sent by the same individual and received on 30 April 2024, the UHB believes these conditions to be satisfied.

Regulation 5(2) of the Fees Regulations equally requires that aggregated requests relate 'to any extent' to the same or similar information. This test is likely to be met where requests possess an overarching theme or have a common thread running between them with respect to the nature of the information sought. And since each of the requests relates to maternity data, the UHB considers the requirement of similar information sought to be met due to the common themes present.

The UHB has estimated that to complete the work needed to respond to the aggregated requests would exceed the time limit as set within the Fees Regulations to respond to a request made under the FOIA 2000. Under the Act there is an allowance of two and a half days, or 18 hours, to comply with a request and the cost limit set within the Fees Regulations for this amount of work is £450 for the UHB. The Fees Regulations specify that the cost of complying with a request must be calculated at the rate of £25 per hour.

In light of the above considerations, the UHB is refusing your requests for information in accordance with section 12(4) of the FOIA 2000.
