26th September 2023

Dear [REDACTED]

[REDACTED] visited the premises on Newport Road yesterday to pick up some of the points following the previous visit in June this year.

I would like to thank [REDACTED] for her warm welcome and co-operation at the unannounced visit. She talked us through all the procedures for the destructions and confirmed that T28 were now visible on the CD cupboards and that destruction kits were being used. We were also shown how doses not taken would be recorded on the system and how any dose changes are communicated between prescriber and nurse.

Once again, many thanks for your co-operation with these visits and I understand you now have a new governance lead in post who will be attending the LIN in the future in place of [REDACTED]

Yours sincerely

[REDACTED]
