Tic Disorders

- 1. Please tell me the number of clinicians you have working at the Health Board who specialise in tic disorders.***
 - The clinicians must have specialised practice in the three tic disorders set out in the DSM-5-TR: Tourette's Syndrome, persistent motor or vocal tics and provisional tic disorder.***
 - I am aware the clinicians may diagnose and treat patients in a variety of sub-speciality roles including, but not limited to, neurology, neuropsychiatry etc. Please include all specialists regardless of the sub-speciality in which they practice.***

In the Children, Young People and Family Health Services (CYPFHS) Directorate, there are no clinicians who meet the stated criteria.

In the adult mental health services, there are also no clinicians who meet the stated criteria.

- 2. Please tell me the clinician(s) start date of employment at the Health Board.***

Not applicable.

- 3. If there are currently no specialists working at the Health Board, please tell me how many you have had working at the Health Board in the past during the following years: 2018, 2019, 2020, 2021 and 2022.***

There were no clinicians who met the criteria during the stated years.
