Cataract Operation Waiting Time

Information Requested:

I need to know the waiting times for cataract operations in Cardiff.

Response Details:

The requestor indicated that they wanted to know the waiting time of patients currently waiting measured from the decision to treat cataracts to the point that the patient was treated.

The figures below represent the RTT waits for patients at the Inpatient Waiting List stage for Cataract Surgery as at 31/12/23.

- Average Wait 32.4 Weeks
- Longest Wait 165 Weeks
