

Freedom of Information Act 2000 – Request Reference FoI/24/085
Gynaecology Treatment

Information Requested:

How many people have been on waiting lists for gynaecology treatment between 30 January 2021 and 30 January 2024?

How long is the average wait for treatment in gynaecology in this period?

If you could, please break the figures down by year and by the general type of treatment in Excel format.

Response Details:

Please see the attached Excel document. The enclosed table represents data for the total number of Gynaecology patients reported under RTT in the treatment stage and the average adjusted weeks' wait split by month. Please note that these figures represent the overall average weeks' wait, they do not take into account the urgency of the patient. Therefore, some patients wait longer than the figures provided.
