Electroconvulsive Therapy Guidance

Information Requested:

I've been trying to source the most up to date guidance for Electro-Convulsive Therapy (ECT) and have been advised, through a dated document (cavuhb.nhs.wales/files/policies-procedures-and-guidelines/patient-safety-and-quality/e-patient-safety/ect-procedural-guidance-pdf/), to contact the Governance Directorate for an updated document. Are you able to please share this with me?
