

**Freedom of Information Act 2000 – Request Reference FoI/24/435**  
**NICE Guidelines**

In 2022 NICE updated the guidance on the use of Continuous Glucose Monitoring (CGM). This guidance includes the use of CGM devices in people with T2 diabetes who fall under certain criteria.

Please can you tell me:

- **Has your HB adopted NG28 guidance for use of CGM in the T2 population that NICE recommend?**

Yes.

- **If yes, please can you provide the policy related to this?**

Please see the attached.

- **If no, what plans the HB have to implement this updated guidance in to a policy and what timescales you are working to?**

Not applicable.

- **What reasons can you give for not implementing this guidance so far?**

More products are to be added.

- **If you are not willing to implement these NICE recommendations in full by the end of 2024 why would this be?**

Not applicable.
