

Freedom of Information Act 2000 – Request Reference FoI/24/190
Autism Assessment Waiting Time

Information Requested:

For your Health Board, what is the current waiting time for an autism assessment for children and young people.

Response Details:

The referral pathway is integrated, with the ASD and ADHD pathway combined into one. The waiting time for an ASD assessment alone cannot therefore be provided.

The current waiting time for assessment for all accepted referrals (ASD and ADHD) is 33–36 months.

Please note that a combined pathway is good practice and that a proportion of the children and young people referred to the pathway are assessed as having both ASD and ADHD.
