Grand Total	74.08

4. Please state whether you have any plans to review - or if you don't have plans then please state when you last reviewed - the use of job titles in your organisation containing the word 'advanced'? [Eg – we reviewed all job titles in June 2023].

Job titles are created by the specific line manager in each instance via a 'free text' field, and are generally reviewed annually. Job roles, on the other hand, are stipulated and implemented via the National Workforce dataset – we only make changes in line with their datasets for job roles. The job titles are independent (as they are created via a 'free text' field), but generally follow the specific job role in each instance.
