

**Freedom of Information Act 2000 – Request Reference FoI/24/314**

**Waiting Time**

**Information Requested:**

Can you please tell me what the average and longest wait is for a child seeking a neurodevelopmental assessment? Can you also tell me how many children are currently on the waiting list.

**Response Details:**

The below reflects data for the assessment pathway, which is for both children and young people. The data is provided on the assumption that the child is referred to the assessment pathway under the age of 18 years.

- Average wait time: 67 weeks
- Longest wait time: 164 weeks
- Number of children currently on the waiting list: 3,358
