They agreed with [REDACTED] assessment. They were recommending that organisations go “silent” on this rather than actively make a statement that they would not use the venue as that ran the risk of a challenge. As there are no contracts in place – you are under no obligation to use them.

Apologies that this is not more helpful?
Regards
Gareth

Hi Gareth,

Sorry to be a pain, were there any thoughts from the legal team re the situation with All Nations? Apparently Velindre and HEIW have made the decision 'internally' not to use, Sarah mentioned there was unlikely to be an All Wales position.

Diolch Gareth,
