**Subject:** RE: All Nations Centre

Thanks Matt

I am not picking up any real noise. I would reiterate [REDACTED] suggestion and your point, that we seek further information (ie deal in fact rather than something portrayed in a newspaper article some time ago); I am still unclear on what the ANC's position is, so it's difficult to know how we should manage this. If the ANC are able to confirm their stance, we can then advise accordingly, in line with our core values.

David
