

Lylah Ali, Business Administration Apprentice, Cedar

I'm really grateful to have had the opportunity to complete a Level 2 Business Administration Apprenticeship. I've had so much support from my tutor and colleagues which has encouraged me to do my best and made my experience very enjoyable. My confidence has grown massively in the last year and I've developed endless skills that I will carry with me throughout my working life. My apprenticeship has helped me secure a full-time job within the NHS and I am enormously thankful. My hope for the future is to complete a level 3 Business Admin course and continue to develop my skills further.
