

Mamba

Spice

Spice/Black Mamba IS NOT THE SAME AS WEED!

Only use a small amount to start with...

ABOUT THE SIZE OF A MATCH HEAD →

You can always smoke more but you can't smoke less...

WAIT!! It can take up to an hour for the full effects to kick in.

Do not use in bong and pipes, you can't control the dose.

SHAKE THE BAG!! The Chemicals fall to the bottom of the bag making the strength vary throughout.

Use a longer roach than you normally would if smoking cannabis.

Using with other drugs, cannabis, alcohol or stimulants can cause heart problems.

It can also increase anxiety and paranoia.

Use in a safe environment with people you trust.

Users with heart, circulatory or blood pressure problems should avoid the use of synthetic cannabis, as they may be more susceptible to heart attacks...

WHEN USE CAUSES A BAD REACTION ALWAYS CALL 999

Synthetic
