

A quick re-cap

- ✓ To reduce unwarranted variation and inequality in health outcomes, access to services and experience at a regional population level.
- ✓ To improve resilience.
- ✓ To make effective use of capacity and capability in whichever organisation it sits.
- ✓ To create critical mass for effective high quality care delivery when and where it makes sense to do so accepting that my not reside in every organisation.
- ✓ Take all opportunities to use the evidence base and best practice to improve quality, efficiency, productivity, and use of finite resources.
- ✓ To enable clinical leaders, and others, to work together, lead together and learn together.
- ✓ Distributed leadership (The SRO maybe from organisation A, clinical lead from org B and delivery of service in B and C.)
- ✓ Approach collaboration with benign intent, honesty, transparency, and integrity in order to build trusting and effective relationships.
- ✓ To agree approaches to engagement and communications together.
- ✓ To avoid leaving anyone behind and learn from the past and progress in an open, honest and humble way.

We have agreed;

- ✓ A portfolio of work which pulls together some existing (**orange**), and some new (**green**), programmes of work.
- ✓ Each Health Board taking lead responsibility for a programme
- ✓ A set of principles to guide the portfolio
