

27 August 2018

Dear Vicky,

On 2 August I unfortunately suffered a stroke. Thankfully this was very minor. On 3 August I attended A&E at UHW and was kept in hospital in the stroke ward A6. I would like to say how efficient and professional the service was, both in A&E and on the ward. Quite simply I could not fault it.

I would be grateful if these sentiments could be passed to the Chief Executive.

Many thanks.

Alan Long
