2017 GMC Trainer Survey

Trainers : Have Your Say On Your Training Role

What's it all about?

Following the successful launch of the Trainer Survey in 2016, the GMC will be launching a national Trainer Survey for 2017 that will run concurrently with the established national Trainee Survey. The survey is an opportunity for you to give us feedback on areas such as whether you have time and an appropriate workload to train, as well as telling us about your development needs as a trainer. The feedback will enable us to continue to work with the Welsh Government and NHS Wales to ensure trainers are supported in their roles and ensure we are effectively implementing the GMC's Trainer Recognition Strategy. In addition, you can use the completion reference number as **evidence** of your commitment to participating in systems of quality assurance and quality improvement in your appraisal.

Who is this relevant for?

The survey is relevant for the following groups:-

- ⇒ **Educational Supervisors:** In secondary care this refers to those who have signed up to the Educational Supervision Agreement and in primary care this refers to GP Trainers.
- ⇒ **Named Clinical Supervisors:** Those Clinical Supervisors who oversee a trainees' work throughout the post and are involved in progress decisions.

Where can I find out more?

For more information about the Trainer Survey please contact us at walesdeaneryqa@cardiff.ac.uk or by phone on 02920 687 492

When & how do I fill in the survey?

The GMC will launch the survey on **21st March 2017**. The survey will be open for completion for six weeks until **3rd May 2017**.

You can access the survey through your **GMC Online** account. If you haven't used GMC Online before, don't worry your account can be activated for you just by answering a few simple questions when you first log in. This is always a check of information that the GMC already hold to confirm who you are. If you pay, or have paid, your annual retention fee by direct debit, you may be asked you to confirm your bank account details. This is purely to check your identity and no payment will be taken. You can activate your account via the following web page: http://www.gmc-uk.org/education/nts_gmconline.asp

All responses will be treated in confidence and reported anonymously. The results will be reported by the GMC from June 2017 (date tbc).
