DEPARTMENT OF MEDICAL EDUCATION BULLETIN January 2019

University Hospital of Wales (UHW)

Cardiff and Vale University Local Health Board was established in October 2009, and is the largest Health Board in Wales.

The UHB has two Medical and Dental Education Centres, based across two sites, University Hospital of Wales (UHW) and University Hospital Llandough (UHL). Both centres provide the infrastructure and staff to facilitate the Education, Training and Continuing Development of Postgraduate Professionals in Hospital Medicine, General

Practice and Dentistry. They ensure the medical students receive a high standard of clinical placement and offer support to the clinicians delivering teaching. This involves working very closely with Cardiff University, School of Medicine and HEIW (formerly the Wales Deanery).

Each centre is managed by a dedicated team who ensure a high standard of Medical Education is provided across the UHB.

University Hospital Llandough (UHL)

The Medical Education Department

The Medical Education Department is spread over two sites at University Hospital of Wales and University Hospital Llandough. Both sites have their own Clinical Skills areas aimed at the teaching of Undergraduates and training of Postgraduates.

The Library Page

Happy New Year!

From all the Library staff

We wish you a peaceful and successful year in 2019

~~~~~

### NEW Pop-up Library

Call in to learn about the NHS Wales e-library, how to find e-journals, request a database search, find out what an Athens account is, ask about setting up Current Awareness alerts and much more!

To improve our service for staff at UHW, we are running a pop-up library in the main hospital, starting on **11th January 2019, 12.00—2.00**. Classroom 1, Cardiff University Medical School suite (go through Y Gegin and turn left). Rosemary will be there with a laptop to talk to you, discuss a literature search, and answer any queries. The Pop-up Library will take place once a month until May 2019, so please come along with your questions or search requests.

#### UpToDate and Clinical Key

In December we held training days for UpToDate and for Clinical Key, provided by trainers from the companies. If you were unable to come, Rosemary can visit your department to demonstrate these resources to you and your colleagues. Please get in touch if you are interested.

If you need help or advice about library services, please contact:

Rosemary Soper, Cardiff & Vale UHB Librarian.

# Medical Education App

The Medical Education Department has developed two Mobile Applications. Our CAVMedEducation App is aimed at Trainees to give them on the go access to Departmental Handbooks and Guidelines, along with the latest Teaching Events!

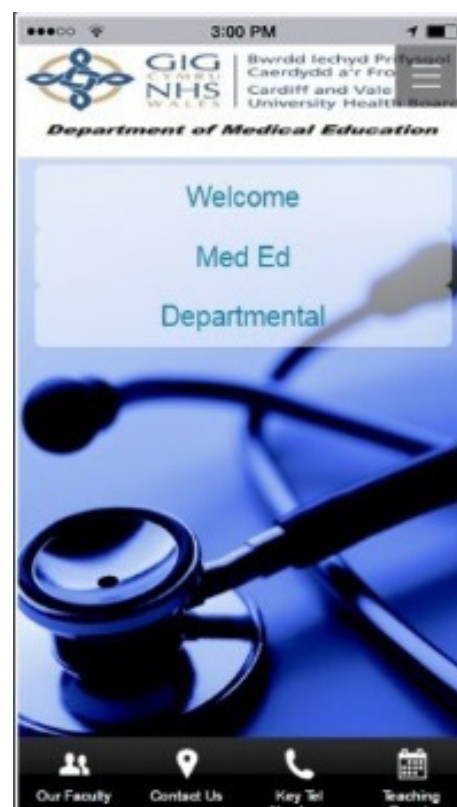

The Undergraduate App, which has been newly developed for the 2018 Academic year provides students on placement with us in Cardiff & Vale with relevant contact details, useful pre-placement hints & tips and general hospital information.

Both Apps can be downloaded via Google Play and Apple App Store. We would encourage you to download the App relevant to you which will provide easy access to lots of information and resources.

Once you have downloaded the App please do not disable the push notifications, we can assure you there will not be numerous random alerts, and no information will be sent regarding any clinical service matters via the App.

Is it a useful tool? What are its benefits? What are its shortfalls? Any suggestions for further improvements? Please contact Melanie Cotter, Medical Education Manager, via email [Melanie.Cotter@wales.nhs.uk](mailto:Melanie.Cotter@wales.nhs.uk) with any comments.

For other Medical Education updates, have a look at our Social Media pages!
