

# DEPARTMENT OF MEDICAL EDUCATION BULLETIN

March 2020

*University Hospital of Wales (UHW)*

Cardiff and Vale University Local Health Board was established in October 2009, and is the largest Health Board in Wales.

The UHB has two Medical and Dental Education Centres, based across two sites, University Hospital of Wales (UHW) and University Hospital Llandough (UHL). Both centres provide the infrastructure and staff to facilitate the Education, Training and Continuing Development of Postgraduate Professionals in Hospital Medicine, General

Practice and Dentistry. They ensure the medical students receive a high standard of clinical placement and offer support to the clinicians delivering teaching. This involves working very closely with Cardiff University, School of Medicine and HEIW (formerly the Wales Deanery).

Each centre is managed by a dedicated team who ensure a high standard of Medical Education is provided across the UHB.

*University Hospital Llandough (UHL)*

# The Medical Education Department

The Medical Education Department is spread over two sites at University Hospital of Wales and University Hospital Llandough. Both sites have their own clinical skills areas to aid undergraduate teaching and postgraduate training.

KnowledgeShare

## KnowledgeShare Evidence Updates Launched!

**Our new service is now live, and registered members are receiving their first alerts.**

**KnowledgeShare** is a targeted evidence update (or current awareness) service for Library members.

Members receive regular alerts based on:

- \* Professional interests
- \* Broad topics and/or specific conditions
- \* Acute or community settings
- \* Relevant age groups

The alerts may include reports, reviews or websites as well as journal articles. Frequency of alerts can be set to your preference.

**Example of an alert on [medical education](#):**

**Article** How to be involved in peer teaching.

**Article** Identifying and addressing social determinants of health in outpatient practice: results of a program-wide survey of internal and family medicine residents.

**Article** A qualitative analysis of junior doctors' journeys to preparedness in acute care.

**Report** The state of medical education and practice in the UK: 2019.

**Article** Implementing a clinical-educator curriculum to enrich internal medicine residents' teaching capacity.

**Article** Reliability of residents' assessments of their postgraduate medical education learning environment: an observational study.

**Article** Development of a national medical leadership competency framework: the Dutch approach.

**Article** Educational roles as a continuum of mentoring's role in medicine - a systematic review and thematic analysis of educational studies from 2000 to 2018.

**Website** Festival of Learning Awards.

**Article** Use of a meta-research team to facilitate evidence-based medicine to the next generation.

[Links are embedded in each item to help you find the full text.](#)

**KnowledgeShare** is different from a normal literature search as a wider range of sources are included. Our literature search service is still available from Rosemary.

Please contact Rosemary if you would like to register for KnowledgeShare.

If you need any help or advice, please contact:

Rosemary Soper, Cardiff & Vale UHB Librarian.

# Contemporary Issues in Medical Education

Courses covering 'hot topics' in healthcare education April 2020

**1st April 2020 – Wednesday AM**  
Supporting Trainees – Maximising Attainment  
*Leona Walsh*

Progression through postgraduate (and undergraduate) training is challenging. Research shows that complex factors can affect trainees'/residents'/researchers' ability to complete a training / research programme. This workshop focuses on recognizing issues and managing progression.

**1st April 2020 – Wednesday PM**  
Making Robust Assessment Decisions: Standard Setting made easy  
*Lee Coombes*

How do you make decisions on who passes/fails? Have you ever wondered about how much is enough to ensure competence? This workshop will introduce the key role of standard setting in assessment, and provide an opportunity to learn about a range of differing approaches, for example, Angoff, Hofstee, Cohen, Ebel, Borderline Regression, Borderline & Contrasting Groups.

**3rd April 2020 – Friday AM**  
Creating Educational Change  
*Professor Howard Young*

We live and work in an environment where change is constant and as health professionals with an interest in education it is likely that you will become involved in developments. Models and techniques for planning and implementing change will be introduced. Factors that aid or inhibit change will be discussed at this session.
