DEPARTMENT OF MEDICAL EDUCATION BULLETIN

September 2019

University Hospital of Wales (UHW)

Cardiff and Vale University Local Health Board was established in October 2009, and is the largest Health Board in Wales.

The UHB has two Medical and Dental Education Centres, based across two sites, University Hospital of Wales (UHW) and University Hospital Llandough (UHL). Both centres provide the infrastructure and staff to facilitate the Education, Training and Continuing Development of Postgraduate Professionals in Hospital Medicine, General

Practice and Dentistry. They ensure the medical students receive a high standard of clinical placement and offer support to the clinicians delivering teaching. This involves working very closely with Cardiff University, School of Medicine and HEIW (formerly the Wales Deanery).

Each centre is managed by a dedicated team who ensure a high standard of Medical Education is provided across the UHB.

University Hospital Llandough (UHL)

The Medical Education Department

The Medical Education Department is spread over two sites at University Hospital of Wales and University Hospital Llandough. Both sites have their own Clinical Skills areas aimed at the teaching of Undergraduates and training of Postgraduates.

The Library Page

Keep up to date with UpToDate®

What's New this month in UpToDate

Long-term efficacy of zirconium cyclosilicate for hyperkalemia

['Treatment and prevention of hyperkalemia in adults', section on 'Zirconium cyclosilicate'](#)

Low-lying placenta and route of delivery

['Placenta previa: Management', section on 'Route of delivery in women with a low-lying placenta'](#)

Investigational agent teplizumab for the prevention of type 1 diabetes

['Prevention of type 1 diabetes mellitus', section on 'Teplizumab'](#)

Make the most of UpToDate by Registering a personal account – just click on the orange link at the top of the screen. Your personal account gives you:

- The mobile app, so you can consult UpToDate wherever you are.
- CME/CPE credits, to help show that you are keeping your knowledge and skills current and learning about the latest, evidence-based developments in your specialty. UpToDate automatically tracks your usage and allows you to print an activity log of topics researched to be used as documentation to fulfill practice requirements and the personal credit component.
- The bi-weekly issue of Current UpDate, highlighting three of the recent, important additions to the "What's New" and "Practice Changing UpDates" topics. By intent, these selections rotate among 25 specialties to provide updates of potential interest to a broad group of clinicians.
- Registering also gives us better usage statistics, providing evidence to continue our subscription to UpToDate.

You can find UpToDate at work on the Clinical Portal, or use it at home with an Athens account.

Suggestions for future topics

If there is anything you would like to see included on this page in future editions, please let Rosemary know.

If you need help or advice, please contact:

Rosemary Soper, Cardiff & Vale UHB Librarian.
